

Presbyterians Defer Action on Calling Pastor

The congregation of the Rock-out Presbyterian Church voted unanimously Wednesday evening to defer action on calling a pastor until fall, and to hold the annual union meetings during July with the congregation of the Trinity M. E. Church in that church, and during August in the Presbyterian Church.

The committee named to recommend a pastor to the congregation reported that so far eight ministers have been heard as candidates and that of these eight the committee favored the Rev. Oliver W. Chapin of Margaretville, the Rev. Philip B. Cooley of East Meredith and the Rev. Frederick H. Allen of Aurora.

The congregation voted that in the fall invitations be extended to the three ministers named to preach again in the church before final action is taken by the congregation.

The church has been without a pastor since the resignation earlier in the year of the Rev. James N. Armstrong, Jr., who is now pastor of the First Presbyterian Church in Southampton, L. I.

Hospital Hires 'Dumb' Waiters

Schenectady, N. Y., June 16 (AP)—Ellis Hospital thanks to the ingenuity of Miss Alice Shepard Gilman, of Troy, soon will have five "waiters" that will be foolproof.

And each of the five will be a hard worker—they'll be able to carry, Miss Gilman says, up to 400 pounds of food at the rate of 100 feet a minute.

Actually, the conveyors are dumbwaiters—wired for intelligence. Their particular value is contained in the fact that each, once "punched", cannot be sidetracked from its particular destination.

The conveyors, unlike ordinary dumbwaiters, can be punched to deliver several orders of food without individual attention to each designation.

A two-headed, six-legged calf with five tails was recently born on Chester Pulver's farm at Hudson. The calf died at birth. Pulver mounted the heads.

Flashes of Life Sketched in Brief

(By The Associated Press)

Thrifty
Roanoke, Va.—A bird in the hand is worth two passes on the bus to a family living outside Roanoke.

Policeman J. P. Gralle said he saw a passenger alight here from a suburban bus, attach his pass to a homing pigeon, and send it back for other members of the family to use.

No Improvement

Toledo, O.—A conscientious teacher—who refrained from signing her name—mailed \$50 to the board of education a year ago with the explanation she felt she had not fully earned her salary. The board received another \$50 this week, and wonders if the contribution will be annual.

Bang! Bang!

Klamath Falls, Ore.—The Rev. C. W. Frost has been having bang-up church services here but has appealed to the police.

Pranksters, he said, have been driving around the church during services and tossing lighted firecrackers through open windows.

Tag on Fashion

Oklahoma City—Ward J. Mullen, manager of the Retail Merchants Association here, thinks he has hit upon a solution to the problem of feminine "customers" who take out dresses on approval, wear them to parties and then return them as "unsatisfactory." He would attach tags prominently on such dresses and instruct dealers to refuse return if the seals are broken.

A collection of 16 wood carvings by the late Edwin V. Whitaker has been presented to the Gloversville Free Library by Mrs. Whitaker.

**Two Persons Are Dead
In Downsville Tragedy**
Downsville, N. Y., June 16 (AP).—Two persons are dead here

after what State Police Captain Daniel E. Fox said was a slaying and suicide.
Mrs. Virgil Beatty, elderly housewife, was shot and killed yesterday, Fox said, while trying

to protect her daughter from the advances of a man identified as Frank Radiker, 45, also of Downsville.
Radiker then turned the gun on himself, the police captain

said. The daughter, Mrs. Anna Stalker, was shot in the arm.
Canker, a malignant disease of the horse's foot, is sometimes hereditary.

**Workmen Busy Preparing
For Roosevelt Wedding**
Nahant, Mass., June 16 (AP).—Workmen preparing for Presi-

dent Roosevelt's arrival for his son's wedding on Saturday today scrubbed the accumulated coal dust of years from a dock at Salem where the Chief Executive

probably will come ashore from the yacht Potomac.
The prospective bridegroom, John Roosevelt, attended to a hundred-odd details of his marriage to Anne Lindsay Clark in

Church here.
The couple faced a round of dinners, dances and parties to keep them busily engaged until Saturday.

The town board of the town of Lloyd have voted for an extension of the Clintondale Fire District. The added territory begins at a point in the center of the Highland-Gardiner county highway, Route 55, in the south line of the Byrnes-Kenny lot, runs westerly along the south line of the town of Lloyd to the center of the Ohio-

ville road and thence through same to the south line of the town of New Paltz and east along line of Elbert to center of Crozier ditch; thence north through the same to north line of Ambrose; thence east along Ambrose and Mary Freer to northeast corner of Freer and Johannsen to the south line of town of Lloyd, present district boundary and along same to place of beginning.

This addition was made to the fire district after a public hearing held on April 23, 1938, at the Clintondale Fruit Growers Cooperative, Inc. and in approving the addition the town board held

that the extension of territory of the district was done to better serve the needs of the people of the district.

A copy of the extended bounds has been filed for record with the county clerk.

School Board Plans Nursery

Schoharie, N. Y., June 16 (AP).—Thanks to a recent action by the central school district's board of education, Schoharie mothers can call themselves of a "vacation" this summer.

The board has authorized the establishment of a community nursery, which will enable mothers to leave their children in the care of competent nurses while they indulge in a shopping tour or take in a movie.

The children, the board announced, may be left in charge of

the nursery for a half-day period, daily. A nominal fee will be charged. Youngsters from 2 to 4 will be taken care of in the morning, while those from 5 to 6 will figure in the afternoon "shift."

Ponchockie Strawberry Festival. The Ladies' Aid of the Ponchockie Congregational Church will hold a strawberry festival on the parsonage lawn Friday evening starting at 6 o'clock. Hot frankfurter sandwiches, coffee, ice-cream, strawberry shortcake or cake and strawberries, candy and soda water will be on sale. There will also be a special attraction for the children. If the weather is inclement the festival will be held in the basement of the church.

YOU don't have to own a jungle gym, slide or trapeze bar to keep your child happy outdoors this summer. He'll be just as contented with one long board in the back yard to play with. In fact, he'll be able to devise many more kinds of play with it than stationary equipment would allow. Here are some of the things this six-year-old youngster does with his board. He likes to jump up and down on it, and to jump from it to the ground. He finds it a wonderful place to stage an automobile race. And he slides happily down it.

Railroad Car Is Stalled Pending Birth of Birds

Fort Erie, Ont., June 16 (AP).—A railroad car gondola has been moved after standing idle three weeks—in respect for the sanctity of a home.

When the car was shunted across the international bridge from Buffalo, yard switchmen noticed a robin's nest, containing three eggs, atop a brake wheel. To have released the brake would have destroyed the nest.

The railroad men watched the eggs hatch, the baby robins develop. The fledglings now are able to take care of themselves—so the car was moved.

By The AP Feature Service

Each question counts 20, each part of a two-part question, 10. A score of 60 is fair; 80, good.

1. Who is this woman, recently married by proxy to a notable Nazi prisoner?

4. Is Pat Harrison a U. S. senator from (a) Tennessee, (b) Alabama, or (c) Mississippi?
5. What ever happened to the Canada "stork derby" prize money?

News I. Q. Answers

1. The former Countess Vera Fugger von Scharffenstein, now wife of ex-Chancellor Kurt von Schuschnigg of Austria.
2. Conspiracy to deny miners their right to join a labor union.
3. False. The Communist party constitution specifically defends the U. S. constitution.
4. Mississippi.
5. A court divided it among six contending mothers.

HOLLYWOOD SIGHTS AND SOUNDS

By ROBBIN COONS

HOLLYWOOD—Next to "Alexander's Ragtime Band" the most limelight of recent pictures is "Yellow Jack," a solid and compelling screen adaptation of the Sidney Howard-Paul de Kruif play about the conquest of yellow fever.

The Zanuck musical was no surprise to Hollywood, although it is better even than expected. "Yellow Jack" was the teaming of Robert Montgomery and Virginia Bruce (seen last in the light "First 100 Years") suggested however unfairly that the movies were going to do awful things to another fine stage play. Instead, "Yellow Jack" gives Montgomery his best acting role since "Night Must Fall" and unrelies convincingly as a story of unselfish heroism. It has humanness and humor and a little romance along with its starker business, none of it forced. There are fine performances especially by Lewis Stone, Henry Hull, Charles Coburn and Sam Levene. With Buddy Ebsen, Alan Curtis, Andy Devine and William Henry all excellent. George B. Seitz directed.

Crime Doesn't Pay

Any picture directed by Fritz Lang commands attention, and "You and Me," co-starring Sylvia Sydney and George Raft, is no exception.

Railroad Car Is Stalled Pending Birth of Birds

Fort Erie, Ont., June 16 (AP).—A railroad car gondola has been moved after standing idle three weeks—in respect for the sanctity of a home.

When the car was shunted across the international bridge from Buffalo, yard switchmen noticed a robin's nest, containing three eggs, atop a brake wheel. To have released the brake would have destroyed the nest.

The railroad men watched the eggs hatch, the baby robins develop. The fledglings now are able to take care of themselves—so the car was moved.

HOLLYWOOD SIGHTS AND SOUNDS

By ROBBIN COONS

HOLLYWOOD—Next to "Alexander's Ragtime Band" the most limelight of recent pictures is "Yellow Jack," a solid and compelling score adaptation of the Sidney Howard-Paul de Kruif play about the conquest of yellow fever.

The Zanuck musical was no surprise to Hollywood, although it is better even than expected. "Yellow Jack" was. The teaming of Robert Montgomery and Virginia Bruce (seen last in the light "First 100 Years") suggested however unfairly that the movies were going to do awful things to another fine stage play. Instead, "Yellow Jack" gives Montgomery his best acting role since "Night Must Fall," and unfolds convincingly as a story of unmelodramatic heroism. It has humanness and humor, and a little romance along with its starker business, none of it forced. There are fine performances especially by Lewis Stone, Henry Hull, Charles Coburn and Sam Levene, with Buddy Ebsen, Alan Curtis, Andy Devine and William Henry all excellent. George B. Seitz directed.

Crime Doesn't Pay

Any picture directed by Fritz Lang commands attention, and "You and Me," co-starring Sylvia Sydney and George Raft, is no exception.

At The Theatres

Today
Kingston: Double features, "Stolen Heaven," with Olympie Bradena and Gene Raymond, and "Mr. Moto's Gamble," a story of murder in the prize ring featuring Peter Lorre Preview.
Broadway: "Hawaii Calls," a cinema depicting the beauty, adventure, moonlight and romance of this beautiful "earthly paradise" and starring Bobby Breen. The youthful soloist is supported by a handpicked cast of movie celebrities, including Ned Sparks and Irvin S. Cobb. Raymond Paige and his orchestra furnish the accompaniment.
Orpheum: "Goldwyn Follies" with those three laugh provoking comedians, the Ritz Brothers, and Adolphe Menjou, who always make a hit.

Tomorrow
Kingston: "Yellow Jack," the story of an army sergeant, John O'Hara (Robert Montgomery), who offers his life to help science find the cause of yellow fever in Cuba, and wins himself a wife, Frances Blake (Virginia Bruce).

ception. Convicts on parole, both employed in the same department store where the boss's hobby is giving ex-criminals a chance, are the chief characters, and the theme is crime-doesn't-pay with a new, dollars-and-cents reason. It might have been better, in this opinion, if Lang had told his metropolitan fair tale straightforwardly without the musical preamble stating his theme, and without resorting to "impressionistic" sequences—but maybe we don't know art when we see it. And Raft might have said "Shet up!" a few times less. But "You and Me" has much to commend, including a clever fight sequence between Raft and Guinn Williams, and a nice character performance by Vera Gordon.

Post-War Stuff
"Three Comrades" is Frank Borzage's directorial version of the Erich Maria Remarque novel of post-war Germany. Robert Taylor, Franchot Tone, Robert Young are the titular trio, and Margaret Sullivan the valiant girl. That war-scarred "lost generation" marches again against despair and hunger and political strife, and gets little enough for its pains. But Borzage gets one of his better sentimental love stories against an exciting background. Miss Sullivan, Tone and Young do best by the acting, with Guy Kibbee, Henry Hull and Lionel Atwill in plump character parts.

In the supporting cast are such outstanding cinema names as Lewis Stone, Henry Hull, Buddy Ebsen, Andy Devine, Charles Coburn and Henry O'Neill.
Broadway: Same.
Orpheum: Double features, "There Goes the Moon," featuring Ann Southern, and "Whirlwind Horsemen," a western picture, starring Ken Maynard.

God's best gift to a man is a loyal, faithful wife and his best gift to her is a husband who has the desire, the ability and the opportunity to work, care for her, and make her happy.

Young Man—Mr. Perkins, I have courted your daughter for 15 years.

Mr. Perkins—Well, what do you want?

Young Man—To marry her.

Mr. Perkins—Well, I thought you wanted a pension or something.

Old Things.

Old things are best despite the shine.

Of modern folks and luxuries; Of shoes, old clothes, old books, old wine.

Old friendships—and old vanities.

Man—She'll come along soon, without a doubt.

Friend—Yeah? She'll come doubting my sobriety, my veracity and my fidelity.

Lots of June brides have had time, by now, to find out what pots and pans are for, and to learn that a housewife who must dissect a chicken for the living pan should have had a course in surgery at school.

Petter—Tuna doesn't change much, does it?

Jeep—What do you mean, time doesn't change much?

Petter—Well, long ago Greek maidens were supposed to sit and listen to a live all evening.

Jeep—What's that got to do with time changing?

Petter—Nothing, only a lot of modern girls do the same thing.

Perhaps the expression is somewhat trite in this day and time, but a man still climbs to the top of the shoulders of his friends—and he shouldn't forget it.

Pacificist—Have you read Percy Oatmeal's latest book, "Peace on Earth"?

A E F. Veteran—I don't read fiction!

Next to buying a new hat few things please a woman more than to buy a can of paint and repaint the kitchen furniture.

A quarrel is usually unfortunate and rarely profitable. Quarrels can usually be avoided. Disagreements, however, are inevitable.

Grandmother—If you'll wash your face I'll give you a piece of candy. And if you wash behind your ears I'll give you two pieces.

Junior—Grandmother, maybe I'd better have a bath!

Librarian Notes Book Increase For Woodstock

Woodstock, June 16. — According to committee reports given at the Woodstock library annual meeting Thursday, June 9, the library is steadily increasing in popularity, particularly with the children, and school teachers of the township.

In the report of the librarian, Mrs. A. P. Thompson, Woodstock children took out 4,400 books during 1937, and this without the assistance of the book wagon which had greatly increased the circulation of the previous year.

Last year's gratifying total was in large measure due to the enthusiastic cooperation of the teachers of the town, who met at two teas with the librarian, and discussed with her and each other their problems, and looked at the new books purchased for book week.

In addition to this entertainment was provided for the children of the Woodstock school, adding to their already great interest in the library. This summer still greater results are expected, when, late in the month Miss Florence Webster will resume the book wagon service, which serves adults as well as children.

The total circulation for 1937 was 19,805, 11 more than in 1936, and about the limit of what the library can handle with its present staff. The library has filled many special requests from its own collection, and the service of the New York State Library in Albany.

At the end of 1937 there were in the library a total of 8,330 books, and during the year there were added from gifts and purchase 770. The book mending group, headed by Miss Elsa Klumball and Mrs. Carl Eric Linden has met once a week, and has saved the library nearly \$200 for binding and repairs.

According to the report of the treasurer, W. S. Elwyn, the library affairs for 1937 were conducted on a sum of \$1,400, which seems well nigh impossible with its growth in service. The large part of the budget is received from the annual fair given each summer on the library green, a source of income too dependent on the weather to be a sure revenue.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

BPW to Place New Ornamental Poles On Broadway Bases

The Board of Public Works expects to complete the work of positioning the bases that will hold the new ornamental poles for the street lighting system along Broadway the first part of next week.

As soon as all of the bases are installed the work of erecting the new ornamental poles on the standards will be started. This work will progress more quickly than the installation of the bases which had to be cemented in place.

With the installation of the new street lighting system Broadway will be one of the best lighted streets in any city the size of Kingston.

Andy's Day Off Gave 'Photog' Biggest Thrill
Cleveland, June 16 (AP).—It was Andy Krafft's day off, theoretically, so the veteran plain dealer photographer mumbled a little as he arrived to cover Western Reserve University's commencement convocation.

"Here we are, another commencement, and we ain't got no diploma yet," said Krafft, setting up his camera. Then a doctor in cap and gown asked the photographer to come forward. Puzzled, Krafft complied.

"Andrew Levand Krafft," said Dr. Winfred G. Leutner, Reserve president, "from time immemorial you have been picturing the activities of the university."

Dr. Leutner handed the dazed Andy a certificate. It read: "In recognition of thirty-four years of service as photographic interpreter to Cleveland of the life and work of its religious, philanthropic and educational institutions."

Andy returned to his camera, tinkered momentarily, then said to a co-worker: "Well, you can't expect a guy with a diploma to work on his day off."

He didn't. Another "photog" was there to get the picture—of Andy's "commencement."

Parks and Buley Plan Day Camp

Stuart Parks and Wallace Buley, graduates of Kingston Academy and Springfield College, are promoting plans for day camp for boys between the ages of 7 and 15 years where the broadening their interests, and developing their interests, and developing character and good citizenship.

Mr. Parks when seen today stated that the day camp is a new trend in the camping movement. He said it enables boys to have supervised play throughout the day and to be able to return home at night.

"The objective of this movement," said Mr. Parks, "is individual growth. All activities will be child-centered and from their present interests new skills will be developed."

The program as outlined by Mr. Parks will consist of all kinds of recreational activity, including baseball, softball, golf, swimming, track, tennis, volleyball, progressive games, etc. From this strenuous activity the program will devote to teaching of arts and crafts, nature study, Indian lore, pipe making, hikes, leather craft, educational trips and music.

Mr. Parks is a graduate of Kingston High School of the class of 1932, and a graduate of Springfield College. While at college he was active in all sports, football, track and basketball. After graduating from college Mr. Parks accepted a position in Malone and from there accepted a call in El Salvador, Central America, where he coached the Pan-American Olympic team.

Mr. Buley, his associate, is a graduate of Kingston High School, class of 1933, and now a senior in Springfield College. While at college Mr. Buley has been active in the student publications, member of the student council, social committee and boys' club work. He is majoring in religious education and group work.

Battleship Drenched With Blood

The deck of the Lawrence, Oliver H. Perry's ship in the battle of Lake Erie, was so bloody that sand had to be sprinkled on the wood so the fighters still alive could stand. Eighty-three men on the ship fell from the bullet fire of the British vessels. Surrounded by six enemy ships, the Lawrence was battered until it tipped to one side. Her rigging and spars were shattered and her sails were down. When it looked as though Perry must surrender, he and his small brother and four seamen dropped into a rowboat and started under cover of gunsmoke for the Niagara. Before they reached the other ship, the British spotted the little boat and began pounding it with bullets. None of the men was hit, but one bullet went through the side of the rowboat, causing a leak. To save the boat from filling with water and sinking Perry took off his coat and stuffed it into the hole. The men reached the Niagara safely.

"Curiosity Killed the Cat"

The saying "Curiosity killed the cat" is believed to be a corruption of the older saying "Care killed the cat." It is one of the sayings perpetuated more by sound than sense. A proverb known in England and Scotland from time immemorial says that a cat has nine lives, yet care will wear them out. "Hang sorrow, care will kill a cat," occurs in "Christmas," a poem written by George Wither, who died in 1687. The same line is attributed to Ben Johnson, John Taylor and others. This proverb probably referred originally to the fact that cats are frequently so petted and pampered that they sicken and die. However, cats are not usually thought of as being especially curious. Why "Care killed the cat" was changed to "Curiosity killed the cat" is a puzzling question. One writer says a plausible explanation of this change is found in the fact that one of the figurative senses of "cat" is "a human being who scratches like a cat, particularly a spiteful or backbiting woman."

A LAMB CHOP GRILL

Grilled for Father

It's always fun to entertain father because he doesn't know all the tricks in the culinary art. Mother is pretty apt too, and it's so difficult to find something he hasn't fixed a dozen times before. With dad, it's just the flavor that counts. He may not say a word in appreciation; but the disappearing record is the one that tells the tale. For Father's Day, serve the combination shown above. Now that's a meal that's some eating!

Watch well the seasonings you use. They can make or mar the flavor! These are my suggestions; but don't follow them to the letter if you've a better seasoning trick up your sleeve.

Tomatoes: salt, pepper, butter and grated American cheese. Oranges: powdered sugar and cinnamon. Bananas: lemon juice and salt. Lamb Chops: make a paste of 2 tablespoons melted butter, 1 tablespoon Worcestershire sauce, 1 teaspoon thick seasoning sauce, 1/2 teaspoon dry mustard, 1/2 teaspoon salt and spread over both sides of the chop.

There's Always An Excuse...

For serving chicken salad, it's finding an excuse, other than cost, for not serving it that's more difficult. And cost nowadays doesn't amount to much, what with canned chicken available in several different sized packages. Remember when you buy canned chicken, there is no waste and in addition you save money for fuel and labor in cooking the chicken; for that in the can is ready to use. Serving tomatoes,

CHICKEN SALAD WITH PINEAPPLE

sliced pineapple and carrot strips with the salad makes it not only more attractive; but makes a little go a long way. And that's good news for happy homemakers.

Chicken Salad

1 1/2 cups chicken, cooked and diced (or one 6-ounce can), 1/2 cup celery, diced, 1/4 cup apples, diced, 1 1/2 tablespoons chopped pimiento, 1/2 teaspoon salt, mayonnaise to moisten, 1 head lettuce, 10 small slices pineapple, 15 carrot sticks and 3 tomatoes.

Combine chicken, celery, apple and pimiento. Moisten with mayonnaise and season with salt. For each serving arrange a mound of the mixture in the center of a crisp lettuce leaf. Top each mound with two small pineapple slices, inserting carrot sticks through the centers as illustrated. Garnish with tomatoes cut in rights and mayonnaise. If you prefer, place the salad between the pineapple slices, sandwich style.

No "Boiled-Down" Taste to Jams and Jellies Made This Easy Way... With Certo!

Now's the time to stock your jam cupboard full of the delicious jams and jellies your family loves!

And with Certo you boil your fruit juice only 1/2 minute for jelly—one minute for jam! The whole job takes less than 15 minutes after your fruit is prepared. That short boil saves the original flavor of the fresh fruit, too. None of the flavor has a chance to escape in steam.

ALL FRUITS JELL PERFECTLY! You never need to worry about failure when you use Certo! Even hard-to-jell fruits like strawberries and pineapple jell perfectly always!

SO MUCH MORE JAM AND JELLY! During that extremely short boil, no juice boils away. So you average 11 glasses' instead of 7—half again more than you would get by the old-fashioned long-boil method.

PWA Celebrates Fifth Anniversary

Washington, June 16 (AP)—The Public Works Administration celebrated its fifth birthday anniversary today with a fanfare of excited preparation for its new billion-dollar program.

As soon as President Roosevelt signs the lending-spending bill, which includes a \$965,000,000 allotment for PWA, the depression-born agency will begin assigning money to individual projects.

States and municipalities will pay part of the cost, so that the program is expected to create \$1,866,000,000 of spending during the next two years. All but \$200,000,000 will go to non-federal projects.

The first new non-federal projects, authorities said, will be preponderantly schools, waterworks and sewers. All states will share in the initial allotments, which are scheduled to approximate 600 a day until 2,000 holdover projects have been approved.

No projects may be authorized unless the application is filed before September 30, 1938, unless construction can be finished by June 30, 1940.

Federal allotments may not be made until local funds are forthcoming.

Head Hunters Miss Death

Manila, P. I., June 16 (AP)—Five Kalanga head hunters drew minimum sentences today for looting of the heads of two christian youths. The court was lenient because the head hunters were uneducated, lived in wild country and belonged to a non-christian tribe. Each of the Kalingas was sentenced to 12 to 16 years in prison and to indemnify the heirs of their victims \$1,000.

Grand Jury to Get

Changed License Plates.

It is claimed that the trio then drove over the Flatbush road and to Goldrick's Landing where the plates on the car during the robbery were removed and thrown in the river and the regular plates put back on the car. While police were looking for plates containing the figures "75" the car was being driven under its own license.

The gas tank cap which was left at the Alther gas station supplied a clue which was traced down and supplied a definite means of identification of the car. A check at auto accessory stores in Kingston disclosed the store in which the new cap was purchased Wednesday morning.

New Gasoline Cap.

When Ferguelli came home with a new gas cap and evidence of spilled gas on his fender he was charged with having had a part in the stick-up and, although denying it at the time, he was brought to the court house by McCullough and later told his story which implicated the other two.

Working on the case since the robbery was reported was also Sergeant James Cunningham, Trooper Keefe and Officers Metzger and Reynolds of the B. C. I., and other Troopers of the locality as well as Kingston police who had kept a watch on the entrances to the city.

They'll Spend Your 4 Billion Dollars

Washington—Eight men in Washington are ready to open wide the money bags from which will pour some \$4,500,000,000 in cash and credit to fight depression. These are the men and this is how they'll spend the money:

Slum, palmed HARRY L. HOPKINS, 47, has spent billions on the needy since the New Deal started its work relief program in 1933. For 20 years he was a social worker in New York City. As administrator of WPA he probably knows more about federal relief than anyone else in the government. He has employed 1,500,000 to 3,000,000 jobs a year. He gets at least \$1,250,000 out of the emergency spending-leading bill for new relief jobs. His salary is \$12,000.

JESSE JONES, 64-year-old Secretary of the Interior, already has spent more than \$4,000,000,000 as the first administrator of PWA and he's slated to spend some more. The stout, bespectacled Chicagoan, who recently married a 25-year-old girl, will lend and spend all he gets—since he deals in loans, not grants. A member of the RFC board since Hoover days, the 64-year-old Jones was made RFC chairman by President Roosevelt. His salary is \$10,000 a year.

HAROLD L. ICKES, 64-year-old Secretary of the Interior, already has spent more than \$4,000,000,000 as the first administrator of PWA and he's slated to spend some more. The stout, bespectacled Chicagoan, who recently married a 25-year-old girl, will lend and spend all he gets—since he deals in loans, not grants. A member of the RFC board since Hoover days, the 64-year-old Jones was made RFC chairman by President Roosevelt. His salary is \$10,000 a year.

NATHAN STRAUS, administrator of the United States Housing Authority, calls his half billion dollar low-cost housing program "slum drainage." To build more houses at low rents, and help prime the economic pumps, Congress is giving him another \$300,000,000. Straus has been reporter, merchant, author, philanthropist and office holder in New York state. He has been interested in housing almost since he entered politics. His salary is \$10,000.

HENRY A. WALLACE, a slow-spoken phrasemaker, who coined the New Deal slogan "more abundant life," is slated to get some \$175,000,000 to help needy farmers. The son of a former Secretary of Agriculture, Wallace has been trying to devise a "more abundant life" for the American farmer since 1933. Once a Republican, he left the editorship of a prominent mid-western farm journal to become Secretary of Agriculture under Roosevelt. His salary is \$15,000.

Tall JOHN M. CARMODY, 47, who spent billions on the New Deal since 1933, is slated to get some \$175,000,000 to help needy farmers. The son of a former Secretary of Agriculture, Wallace has been trying to devise a "more abundant life" for the American farmer since 1933. Once a Republican, he left the editorship of a prominent mid-western farm journal to become Secretary of Agriculture under Roosevelt. His salary is \$15,000.

AUBREY WILLIAMS, another ex-social worker in the New Deal's relief lineup, is director of the National Youth Administration, and assistant to Harry Hopkins. The son of an Alabama planter, he once studied to become a preacher, later took a degree in philosophy at the University of Bordeaux, France. For young people who need help, Congress is giving Williams some \$75,000,000 on the recommendation of President Roosevelt. His salary is \$9,500.

To heavy-set ROBERT FECHNER, who got his start as a railroad worker, goes \$50,000,000 for the National Conservation Corps, one of the New Deal's first relief agencies. He runs his organization quietly, says little in public and gives few speeches, but frequently travels about the country on inspection tours. The center came to Washington in 1933 to start the CCC. His \$50,000,000 is in addition to regular CCC funds totalling \$226,331,000. His salary is \$10,000.

"THROWN OUT ON HIS EAR"

John L. Lewis, CIO head, (center) is shown as he June 15 angrily left the capitol following his futile demand on the house rules committee for reconsideration of a bill which would "blacklist" from government jobs contractors not meeting National Labor Relations Board standards. With him are two of his lieutenants, Philip Murray (left) and Thomas Kennedy. Said Rep. Cox (D-G.), rules committee member: "The rules committee will probably continue to throw him out on his ear as often as he comes back with his proposals to menace the public weal."

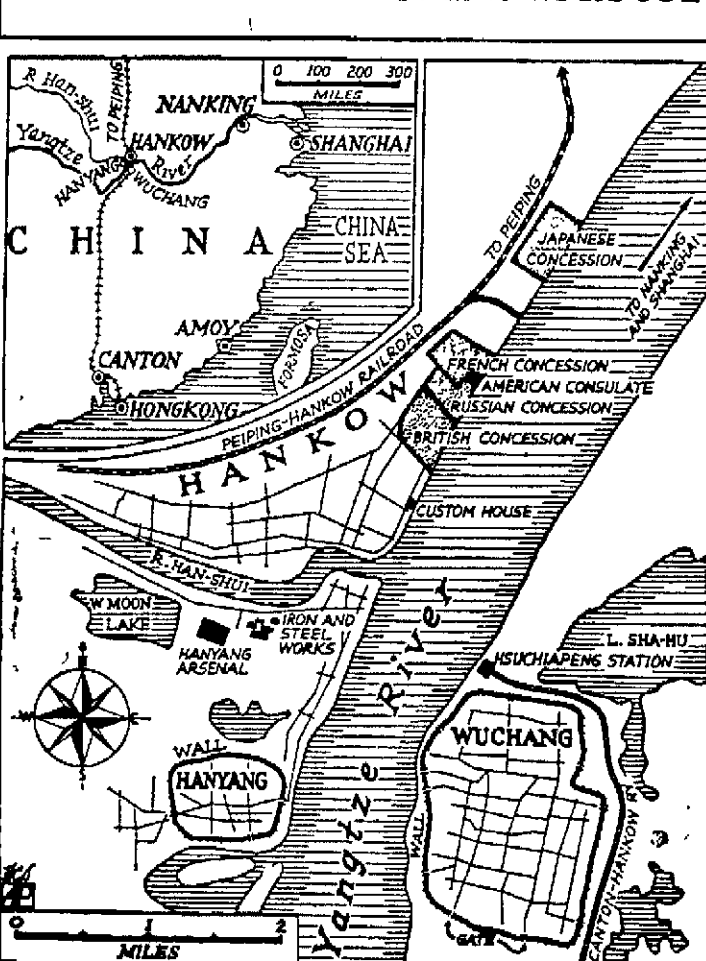

Safety Education
Poems, School 4

In an effort to stem the appalling loss of life that occurs every year in this country from accidents, New York State has made safety education compulsory in all its schools. As a part of this work, the pupils in School No. 4 were asked recently to write original poems using safety precautions as their theme. The following poems were selected for first place:

Safety First
By Marion Willford
Little children who cross the street
Look both ways for cars you'll meet.
Look at the signal with steady eye,
Stand and watch the cars whiz by.
Little children with patience wait,
Look both ways for cars you'll meet.

Watch yourselves and stand up straight.
I suggest you look both left and right;
You are the children I call bright.

The Red Light
By Charlotte Katz
If you don't like to stay in bed,
Don't cross when the light is red.
Look to your left, look to your right,
See if there is any car in sight.
Little Jack Nory
By Virginia Cozza
Little Jack Nory has told us his story,
About crossing the street one day.
He looked at the light both left and right,
And now he is jolly and gay.
The following children wrote poems which received honorable mention: Donald A. Williams, Hilda Cragin, Carmella Costello, Jacqueline Mogan, Albertina Hornbeck, Harold Matthews, Filomena Brookowski, Clara Hornbeck.

Mapping The News
77 Minutes From Disaster

When the Japanese get through bombing Canton, the Chinese fear they will smash Hankow. Hankow became capital of China shortly before the Japanese took Nanking, the old capital. The map shows how it is laid out, with two walled towns nearby. Hankow's normal population is 780,000; Canton's is a little larger. Hankow is more than 500 air-miles from Canton, but only 275 from Japanese-held Nanking—and the Japanese have an air base 50 miles up the river from Nanking. That means Japan's bombers can descend on Hankow in about 77 minutes.

RUPTURE
SERVICE
EXPERTS
HERE

The Rice Rupture Service Experts, personal representatives of William S. Rice, Inc., Adams, N. Y., will be at the Stuyvesant Hotel, Kingston, N. Y., Saturday, June 18.

Every ruptured man, woman and child should take advantage of this great opportunity.

The Rice Method for Reducible Rupture Control is known the world over. You can now see this Method demonstrated and have a Rice Appliance fitted to you.

Absolutely no charge unless you are satisfied to keep the Outfit after having the Appliance adjusted and you see how perfectly and comfortably it holds. No harsh, deep-pressing springs; nothing to gouge the flesh and make you sore.

Wear this Appliance for a full fifteen days' trial and if you are not perfectly satisfied at the end of that time, return it.

For the lady callers, a woman expert thoroughly trained will give the demonstration in private rooms. She will have Abdominal Supporters for Ptoxis (fallen stomach), Sacro Strain (weak back), or over-hanging abdomen. She will also show you how to hold any reducible rupture from the simple groin and femoral to the large navel and operation ruptures, without chafing or squeezing.

Thousands have reported entire satisfaction through using the Rice Appliance. Why suffer the burden of reducible rupture suffering if there is a chance to be free from it? Anyway, it will cost you nothing to come in and learn all about the Rice Method and the wonderful opportunity for help it offers. Just ask at hotel desk for the Rice Representatives and they will do the rest. Hours are 10 to 12 a. m., 2 to 5 p. m. or 7 to 9 evenings.

Don't miss this great opportunity to see these Experts.—Adv.

Miss Cold Staff

Philadelphia, June 16 (AP)—Dr. Harry M. Eberhard told members of the American Institute of Homoeopathy today that many deaths from "acute indigestion" were caused by heart attacks brought on by cold desserts or drinks after a hearty meal.

City of New York in so increasing the volume of the Esopus Creek in unusual or abnormal conditions of flood or high water as to injure the property of the claimant railroad, and further requiring that such commissioners of appraisal explain their failure to consider and make an award for compensation to the claimant railroad with respect to parcel 39, shown on the damage map herein and described, and referred to in the petition, and finally settling forth exactly what consideration, if any, they gave to the injury given by the parcel of past and future damage to the parcels included in the report caused by floods, frost, rainfall, and other acts of God, and further settling forth any and all other information or data which might be of assistance to the Court in passing upon the subject matter of this application.

And the said Corporation Counsel of the City of New York will move for such other and further relief, as to the Court may seem proper.

STRAWBERRY CURLS WITH ORANGE MARSHMALLOW FLIP

To Fill An Empty Spot

A little sweet—a little tart; lots of flaky dough, plenty of sticky sirup with plump juicy berries—all wrapped together and served up with a cool, flavorful milk drink. That's a combination to "fill an empty spot" on any summer's day.

STRAWBERRY CURLS

2 cups prepared biscuit flour, 1 tablespoon granulated sugar, 1 well-beaten egg, 1/4 cup irradiated evaporated milk diluted with 1/4 cup water, 2 tablespoons melted butter, 1 1/2 cups thinly sliced fresh strawberries (1 pint), 3/4 cup sugar.

Put biscuit flour and sugar in bowl. Mix egg and diluted milk together. Stir milk mixture into flour mixture quickly but thoroughly. Turn out on sheet of well-floured paper. Roll into a rectangular sheet measuring 6 x 18 inches. Spread with melted butter. Cover with strawberries. Sprinkle strawberries with sugar. Roll up like jelly roll using the paper to hold in shape. Cut in one-inch slices and place in well greased two-inch muffin tins. Bake in hot oven (400° F.) 20 minutes, or until lightly browned. Turn out at once. Makes 18 curls.

ORANGE MARSHMALLOW FLIP

12 marshmallows, 1 1/2 cups hot water, 2 cups orange juice, 1/2 teaspoon salt, 1 1/2 cups irradiated evaporated milk and 2 cups cracked ice.

Melt marshmallows in hot water over boiling water. Chill, then add orange juice and salt. Stir into milk. Chill in refrigerator or pour over cracked ice. Serves 6.

Shall I Bake or Shall I Buy?

I certainly don't blame you homemakers for weighing those thoughts well. I do myself. And I thoroughly believe it's false economy to stand over a hot stove cooking, mixing and baking, when I can buy something almost as good at the same price. After all, health and vitality do mean a lot. But there are times even in summer when we homemakers find it fun to bake and cook. That's why I'm giving you these recipes:

ALL BRAN REFRIGERATOR ROLLS*

1 cup fat, 3/4 cup granulated sugar, 1 cup bran, 1 1/2 teaspoons salt, 1 cup boiling water, 2 eggs, 2 cakes compressed yeast, 1 cup lukewarm water, 6 1/2 cups flour or more.

BRAN REFRIGERATOR ROLLS

Put fat, sugar, bran and salt in large mixing bowl; add boiling water, stirring until fat is melted. Let stand until mixture is lukewarm. Add well-beaten eggs and yeast softened in lukewarm water. Then add one-half of the flour and beat until batter is smooth. Add remainder of flour and beat well. Cover bowl and place in refrigerator over night or until ready to use. Form balls of dough to fill greased muffin pans about half full. Let rise in 2

warm place about two hours or until double in bulk. Bake in moderately hot oven (425° F.) about 15 minutes. Yield: 3 1/2 dozen rolls.

CLAM-TOMATO BISQUE

1 can condensed clam chowder, 1 can condensed tomato soup, 2 cans milk.

Stir the condensed tomato soup into the condensed clam chowder. Then add the 2 cans of cold milk (using the soup can for a measure). Heat to the boiling point, but do not boil. Serve immediately.

MACARONI TUNA SALAD*

7-8 ounces macaroni, 1 can tuna fish, 1/2 cup mayonnaise, 1 can sifted peas, 1/2 cup chopped celery, 4 tablespoons lemon juice, 1 1/2 teaspoons salt, 2 tablespoons sugar and 1/4 teaspoon chili powder.

Cook macaroni in boiling salted water until tender. Drain and chill. Add remaining ingredients, mix well and serve on lettuce with French Dressing. Garnish with pimientos or chopped eggs. Serves 4.

SAUSAGE DOO-DARS

Drain a can of cocktail sausages and fry to a light brown in a small skillet. When brown, add one-half cup of stale beer. Simmer for five minutes. Thicken with a little flour to a creamy consistency, and serve four sausages per portion with a bit of sauce poured over them. Crisp rye wafers or melba toast taste grand with these sausages.

Hints

Homemakers who launder history before each wearing with a mild lye soap find that it wears much longer.

When your glazed china, delftware no longer look clean after a dusting, wash and starch. Although they won't retain all of the original high glaze, they will look clean and new.

Tobacco stains on fingers and ash trays may be removed with a scratchless kitchen cleanser.

Demand Is Made
Upon Republicans
To Define Policy

Albany, N. Y., June 16 (AP)—

Demand that the Republican party formulate a definite policy on constitutional convention issues came today after a committee's about face on proposals to prohibit wire-tapping and unreasonable property seizures.

Disgruntled over the handling of the "search and seizure" issue, a group of influential upstate Republican delegates sought creation of a nine-member "steering" committee which would discuss the various problems and adopt a definite policy to be followed by the party.

Republicans control the convocation, 92 to 76. A definite party declaration, one Republican delegate said, would have prevented what he termed the "ridiculous exhibition" by which the Republican-dominated bill of rights committee first rejected all search and seizure proposals, then revived two of them in the face of Democratic pressure and the insistence of some Republican "liberals."

Efforts to formulate a "steering" committee soon after the convention opened in April failed because of opposition of a majority of the party's high command, it

was reliably reported. Meanwhile a majority of delegates appeared likely to support Democratic delegate John J. Dunlop's proposal for a federal interception of communications and search of property without legal warrant in preference to a committee-offered plan to incorporate the federal provisions on the subject into the state constitution.

The federal clause sets forth the principle that persons and houses shall be secured from unreasonable searches and seizures. Although the bill of rights committee reported the "federal" bill to the floor, similar measures were introduced earlier by Democratic delegates Irwin Steingut, Thomas B. Dyett and Edward Weinfeld. Debate on both proposals will begin next Monday night.

Latest to make known an opinion on the subject is the Bronx county grand jury, which opposed prohibition of wire-tapping by police.

There will be no admission at the door. All are welcome to this orthodox program.

T. L. Chadbourne, 66, Dies Wednesday

New York, June 16 (AP)—Selected stocks took on a mild rallying tinge in today's market, but the proceedings generally were colorless.

Leaders slipped a trifle either way at the opening. Things looked up a bit later when selling continued extremely light and buyers were tempted to take on favorites in small volume. Gains of minor fractions predominated near the final hour, although numerous issues were unchanged.

With the ticker tape idle throughout, transfers were at the rate of about 300,000 shares.

Bonds and commodities displayed uneven tendencies. Foreign securities markets lacked vigor either way.

Among moderately advancing shares were U. S. Steel, Bethlehem, General Motors, Chrysler, U. S. Rubber, Montgomery Ward, Sears Roebuck, Douglas Aircraft, Boeing, Texas Corp., Consolidated Edison, Western Union, Anaconda, Kennecott, National Lead, Westinghouse, General Electric, Santa Fe, N. Y. Central, Corn Products and American Smelting.

In closed to lag were Great Northern, Northern Pacific, United Carbon, Goodyear, American Can and International Nickel.

Modjeska Burned Repairing Sign

Ed Modjeska of the Modjeska Sign Studio suffered a severe electric shock this morning while repairing the sign on the Kingston Tea Garden, Wall street.

According to reports Modjeska thought he had turned off the power, but due to what he said was an irregular switch, the sign was charged when he began the repair job.

When Modjeska touched one of the contacts, 15,000 volts of electricity passed through his body, and only for the low amperage on the type of sign he was burning, he might have been fatally injured.

Modjeska was treated for slight but painful burns on his hands, arms and legs.

Kyanize Rally Wins by 8-6; Boxing Needs Weather Man's Smile

Painters Register 7 Times in Sixth to Outscore the Closis

Two Homers

"Red" Slight Holds Kyanize to Three Hits Up Until 6th
—Jack Dawkins and Patsy Leskie Sock Homers

For five and one-half innings last night Gus Steigerwald's Closis A. C. baseball players wrote the word C-L-O-S-I-S in the twilight over the athletic field with balls of fire in the second City League game of the week. But then the game died, the frebrands cooled and Dawkins' Kyanizers swept from behind in a mighty sixth inning push to clinch the game 8 to 6.

The Closis started off against Bob Bush with a rush and in the first inning gained four runs and four hits, not the least of which was Leskie's right field smash for the second home run of the season, scoring himself, Toddy, Bucky Ashdown and Earl Mitchell.

For the first five innings, it looked like an easy victory for Slight, insurgent high school pitcher who made his first appearance in the City League. For a time it looked too as though the hardest working pitcher would be rewarded with defeat, since this ill, strangely enough in the last few games, has been the bitter one for the strikeout leader to swallow.

Up until the fateful sixth inning the Kyanizers had found only three hits from Slight, and three bases on balls, whereas Bush had allowed no walks and had fanned eight men. The only smearer on this night was a poorly aimed pitch which hit Toddy, sending him to first.

Artillery Arrives
Finally came the sixth inning, with the Closis leading 5 to 1. Pres Knight having scored the lone Painter tally in the fourth. Suddenly the heavy artillery was uncovered and led by Tommy Lamb the bombardment began.

Lamb singled to left. Van Etten was walked and Maines lashed out a single. A wild pitch by Mitchell, which allowed Lamb and Van Etten to score, started the stampede. Slighter got a hit to left field and Knight ran his bases. Slighter scored Maines with his hit. Slighter also got a hit and Rider gained first on Komosa's error. And so with the bases full Jack Dawkins pinch-hit for Bush and made rather a good job of it with a deep right field drive that got mixed up in Smith avenue with traffic and parked cars.

One by one the runners circled third and drove down across home plate with the steaming Dawkins hard upon their heels for the second homer of the game. Result: Four runs for a total of seven in the inning.

With all this to their credit the Kyanizers had but one out chalked against them, when Knight, who followed Lamb in the batting order, was caught on a play Eddie Ashdown to Toddy. Five more men went to bat after that. Stoll popped a fly to Stoll, Clois catcher, which was caught in a beautiful barehand snatch by the star high school catcher, Tommy Lamb added to his inning with a two-bagger. Knight was walked. Van Etten went to first when Stoll missed a fly in front of the plate. Final man up was Maines, who drove to center field for an out.

13 Batters Up.
The sixth inning in this game is the first this year that any team has overlapped its batting order. Slight faced 13 men in the inning, walked two and struck out none.

Closis Attempt Comeback.
The comeback drive was only a bribe comeback in the seventh inning, but only garnered one run and two hits. Jim Steigerwald made the run on Stump's error on a toss in of Bucky Ashdown's hit to right field.

The comeback drove was only a last chance flurry, however, for Charlie Beck, Bush's relief, yielded no further hits.

Down Along Third Base
The Closis lost last night, but as one of the best games in the City League this season, Gus Steigerwald's boys had not forgotten to Dawkins' charges on May 11, when, with darkness coming on, they walked into outs to speed the game. Dawkins took advantage of this to send his men to bat and to clinch the winning run, 5 to 4.

Had the Closismen stayed in long enough to umpire Bill Murphy would have been forced to call the game on the strength of previous innings. Dawkins is a go-getter, the league must admit, and he never passes an opportunity.

Nevertheless the Closis looked not last night. Toward the last they ran into bad breaks. But there is some well playing yet to be reckoned—those three double plays which read like this: Eddie Ashdown - to Mitchell - to Toddy; Mitchell - to Ashdown - to Toddy; Ashdown, unassisted, to Toddy.

Last night the fans went home feeling they'd had their money's worth and they weren't backward about saying so. Those games, win, lose or draw are good for the league.

Stump and Steigerwald were victims last night of drives hitting third base. Stump put himself in the way of one and took a pop for a couple of minutes. Steigerwald wasn't hit by the one which came his way, for the ball struck the sack and described an arc out to short left field.

Tonight the boys meet at the

N. C. A. A. Is 'Track Meet of Champions'

These Eight Men Are Top Favorites In Minneapolis Games, June 17-18

By GARDNER SOULE, Sports Editor, AP Feature Service

Charles (Chuck) Fenske of Wisconsin, defending mile champion, and 1938 Big Ten winner, is favored in the mile. He may beat Bill Bonthron's N.C.A.A. record of 4:08.9. His competition will be from such men as James Smith, Indiana, and John Munsick, Missouri. Fenske is one of eight defending champions expected to return to the N.C.A.A. meet.

Loring Day of Southern Cal has pole vaulted 14 feet 7 inches—best mark of 1938. . . . His teammate, Ken Dills, has done 14 feet 4. . . . Southern Cal is favored for the N.C.A.A. team title. . . . Trojan Coach Dean Cromwell says Day will do 15 feet some time this year. . . . "If he does," says Texas Coach Clyde Littlefield, "he'll need a net to land in."

George Varoff of Oregon, in 1937 pole-vaulted 14 feet 7 1/2 inches, once was world champion. . . . Not since amateur inventors strapped on wings and tried to fly have human beings attempted to get so far of the ground under their own locomotion as they do now in collegiate pole-vault competition. . . . Texas' Beefus Bryan is another possible vault winner.

Gil Cruter, Colorado, who uses the "barrel roll" style, is defending high-jump co-champion with Dave Albritton of Ohio State. . . . He has jumped 6 feet 8 1/2 inches already this season. . . . Cruter held the world record for one hour in 1936. He leaped 6 feet 8 3/4 in a dual meet. But the record was bettered 1-16 of an inch later the same day in a New York meet.

Wilbur Greer of Michigan State won the 100-yard dash in the recent I.C.A.A. meet in New York. . . . The finish was so close that photographs were used to determine the winner. . . . Adrian Talley of Southern Cal, Arnold Nutting of California, and Ben Johnson of Columbia were behind him. He'll have to run around 21.75 m.p.h. to win in the N.C.A.A.

Ray Malott of Stanford has been timed in the 440 in 46.3 (in practice). . . . Ben Eastman's world record is 46.4. . . . His coach, Dink Templeton, thinks Malott is the best quarter-mile in the world. . . . Malott is one of the reasons Minnesota is advertising the N.C.A.A. as "Track Meet of Champions." . . . And one of the reasons phenomenal performances are expected.

John Woodruff of Pittsburgh is regarded by many as America's finest college runner. . . . I.C.A.A. champion in both the 440 and 880, N.C.A.A. champion in the same events, he will either beat Stanford's Ray Malott or give him a real workout. . . . Six feet 4 inches tall, weighing 200 pounds, Woodruff runs in a lumbering style. . . . His stride covers 9 1/2 feet.

Fred Arrington Wolcott, a Rice Institute sophomore, has the best recorded 1938 times in both the high and low hurdles. . . . Minnesota Track Coach Jim Kelly says he is the next world hurdle champion. . . . In ten meets this spring, Wolcott broke five meet records, including those of Kansas, Drake and Texas relays and South-west conference meet.

Ben Bell Knows His Trackmen—Howie Fluhr Going Strong

By Joe Kelly

Gene Tunney is still holding out on who he thinks will win the Louie-Schmeling fight. Jimmy Braddock has picked Louis. . . . Yesterday a crew of workers cut the weeds off the O'Reilly lot in preparation for the big outdoor boxing show here Friday night headlined by Joe Triola and Vince Semperino. . . . Softball games resumed yesterday too late to make the sports page were: Kalamazoo 3, Y. M. C. A. 2. . . . Kinneys 6, Kendall Aces 1. . . . Too bad the boys can't get 'em in on time. . . . It's Jimmy Mancuso who boxes here, not Johnny. . . . And he claims he has never done any agricultural, although he's booked as the Pine Hill Plowboy. . . . Jimmy says he's related to the fellow who made the name of Mancuso famous in baseball. . . .

Ben Bell, well known track and field enthusiast of this city, is the man responsible for rounding up the team that will represent the Kingston A. C. in Schenectady next Saturday. . . . Bell has his men working out every day in the rear of Kingston High School where he and they helped up to the preliminary from 1934 up to the present. . . . On the local team are such performers as Mike Weiner, Bill Von Essen, Gene Wren, Tommy Maines, Bill Kraft, Jess Shultis and Don Clark. . . . These athletes will run into some stiff competition, but they are capable of coping with the best. . . .

"What Schmeling did once, he'll do again," says Dan Morgan, the old fight maestro. . . . Morgan, who trained Jack "Irish" Thrush, Doyle at Lomontville for the Buddy Baer fight, continued, "Louis was and always will be a duck soup for Schmeling, a cunning, careful counter blitzer who can't possibly miss Joe's wide open jaw with a right." . . . Dan thinks the odds should be turned around instead of being on Louis 2-1. . . . What do you think?

Vince Smedes, Grunics' mask and mitt man, should pension off his Riskydrinks uniform. . . . "The moths 'll get ya, Vince." . . . Johnny Berardi sure believes in playing the hitters deep. . . . The midge right fielder stole three long base knocks from the Bakerboys' war clubs Tuesday evening. . . . Jack Sebastian, Joneses' first sacker, qualified for the booby prize when he gunned up Don Kelly's pinch roller. . . . Toddy Uhl had his no hitter salted away but, alas, Paulie Nisovic exploded a line single over third.

Lions Nine Wins At Saugerties

The honor of hitting the first local home run at Cantline Memorial Field, Saugerties, went to young Al Brink, pint-sized Lions Club outfielder, last evening as the Lions Club tripped the league-leading Saugerties Manufacturing Co. team by a 7-4 score.

The tremendous drive, which traveled far into center field, was clouted off one of Orville Sweet's fast balls and eventually led to Sweet's removal from the box as the Lions Club "went to town," piling up seven runs. Included in the lineup of the Manufacturing Co. team are such "stars" as Earl Keenan, Overbach, Brink, Keenan and Sweet. . . . Incidentally the Lions representatives are this year's Saugerties High School team which finished a most successful season last Friday, defeating Liberty 9-5.

Bernie Freilich went the entire route for the winners, while Sweet and Keenan did the mound duty for the losers. "Gabby" Benjamin, who did the catching for the losers, was completely checked by Freilich, the young high school star.

Columbia Crew Out in Full Force

Poughkeepsie, N. Y., June 16 (AP).—Columbia University's crewmen were out in full force yesterday for the first time in several days as Coach Hugh Glendon shifted the varsity and junior varsity boatloads in preparation for the intercollegiate regatta on the Hudson, June 27.

John Gifford, who has been suffering from a hand infection, returned to the same boat, while eight other members of the squad, who have been under the weather with a mild attack of ptomaine poisoning, reported fit and ready.

Glendon brought "Hugh" Brower, rowing his first year, up from No. 3 position in the jayvee boat to bow in the varsity shell. William Evers was moved into the vacant jayvee No. 3 slot while William Bernius and Jim Rhea were switched to No. 5 and bow, respectively, in the same boat.

John Zumbach, ex-varsity bow against Harvard, and Charles Webster, formerly a member of the junior varsity eight, were moved down the ladder to the "pickle" boat.

San Francisco—Benny Barriah, 141, Chicago, outpointed Lester Watson, 133, San Francisco (AP).

VanderMeer Has 2nd No-Hitter for Cincinnati Reds

By SID FEDER

Associated Press Sports Writer

Johnny Vander Meer moved into baseball's Hall of Fame last Saturday. Now he owns it.

The Cincinnati Reds' 23-year-old southpaw fastballer, in his first full year in the major leagues, reached a new all-time pitching high last night in Brooklyn by hurling his second no-hit, no-run game in a row.

In all baseball history, only 10 pitchers ever have turned in two no-hit games over their entire careers. None ever had come through with two in one season. Johnny, who started his baseball in a church league near his home in Midland Park, N. J., and then was given the go-by from three big league clubs, tossed two no-batters in two consecutive appearances—all in the space of four days.

Last Saturday, pitching against the Boston Bees, he hurled the first nine-inning National League no-batter since Daffy Dean turned the trick in 1934. Last night, he repeated against the Brooklyn Dodgers, 6-0, before a sellout crowd of 38,748 which packed the Ebbets Field to see major league night ball inaugurated in the metropolitan area.

Eight men reached base, all on walks, as his mates fielded perfectly, but Johnny pitched his way right out of every pinch. Even in

the ninth, when, with one out, he loaded the bases on consecutive walks. He got hold of his control again to finish the job. In that spot, he fanned a runner at the plate, he fanned out and got happy Leo Durocher to fly to center on a two-and-two pitch to end the game.

Giants Bow 2-0
Jim Tobin, the Pittsburgh Pirates' young right-hander, hurled a five-hitter in whitewashing the New York Giants, 2-0.

The defeat, however, didn't cut the Giants' league lead any, since Deacon Danny MacFayden duplicated Tobin's trick against the second-place Chicago Cubs to give the Boston Bees a 2-0 victory. Not a man passed first base against Danny.

Over in the American League, the Cleveland Indians retained their half-game lead over the New York Yankees when both came from behind to score victories. The tribe snapped a five-game losing streak to top the Senators, 6-4. The Yanks stretched their winning streak to five straight with a 4-1 decision over the Chicago White Sox.

Swinin' Sammy Chapman hit his seventh homer as the Athletics made it two straight over the Tigers, 7-6. Jimmy Fox walked No. 19 to pace the Boston Red Sox to a 7-4 victory over the St. Louis Browns.

The Cardinals collected 16 hits to win a 9-7 slugfest from the Phillies.

Kingston Track Athletes Are Going to Schenectady

Six of the field and track athletes going to Schenectady Saturday to represent Kingston in the General Electric meet are (standing, left to right) Don Clark, high jump; Bill Kraft, shot put; Tommy Maines, javelin and high jump; (sitting) Mike Weiner, 100, 220 and broad jump; Bill Von Essen, same, and Jean Wren, 440 and broad jump.

Guldahl, Mangrum 'Pro' Gamblers In Tight Battle

St. Louis, June 16 (AP).—Ralph Guldahl and Ray Mangrum, tied for the lead, battled par shoulder to shoulder today through the final 36 holes of the western open golf tournament.

Mangrum, Dayton, Ohio, progressed into the spotlight virtually unnoticed yesterday by carding his second straight 72, one over par, for a 144 total at the halfway mark. Guldahl, who topped the field with a par 71 at the 18-hole mark, meanwhile slid to a 73 in his second round.

Sam Snead, the West Virginia slugger, and slick little Paul Runyan of White Plains, N. Y., were only one stroke behind, with Bob Hamilton, a dark horse from Evansville, Ind., and Jimmy Hines, of New York, only one stroke behind them.

Girl Pinch Hits For Ball Teams

Albany, N. Y., June 16 (AP).—In the words of June Petrie, 14, of suburban Colonie, "whenever any of the teams need a man, they always get me."

June, known as "Pete" to fellow members of the intermediate baseball team of the Pine Grove Methodist Church, is a tall, sturdy girl.

She plays in the outfield of the church baseball team, and also is interested in volleyball, basketball and football.

"Sure, I play football," she explains. "I'm the only girl on that team, too, and I play in the line. It's a swell game."

Outdoor Card Is Slated for Friday On Broadway Field

Triola Returns

Pittsburgh U. Southpaw and Former Army Champ in the Star Bout—Albright's Cold May Keep Him Out

A break from the weather man is all that is needed for the boxing card Friday night, the first outdoor show in several years, at the old on the corner of Broadway and West O'Reilly street.

Yesterday a working crew prepared the field and started setting up the bleachers for the hectic program featuring Joe Triola, upstate southpaw knockout belter, and Vince Semperino, U. S. Army champion of the Hawaiian Islands last year.

Officials of the Kingston A. C. are in hopes that the outdoor show will be patronized by an overflow crowd, not alone because of the attractive card arranged, but because of the heavy expense of setting up the outdoor arena which may be used until the ventilating system is installed in the municipal auditorium.

"We prefer to run inside," said Samuel J. Ribber, of the club, "and hope that the cooling system will be installed, because there will be no postponements on account of rain."

The present plan is to call off the boxing show for a whole week in the event of rain.

A church meeting in the auditorium was the real cause of removing to the outside stadium, the city having let the building out for the 17th without first checking to see whether it was a Friday date.

The appearance of Triola, an Albany boy, will be his first here since he took up his studies last winter at Pittsburgh University where he is a member of the boxing team. His backers say Joe's dynamic left will be the undoing of Semperino, a clever boxer.

There are two other live rounds, one featuring Charlie Raines, Saugerties Bomber, against Joe Roman, capital city pugilist, and the other showing Frankie Thompson, Ballston Spa belter dueling with Eddie Ackery of Schenectady.

Frankie Albright, due to a severe cold, may not be able to box tomorrow in one of the three rounds. Hank Dunce, Kingston; Nate Raskin, Ellenville, Lou Sampson, Kingston, Buddy Ackerman of Saugerties, and Jimmy Mancuso of Pine Hill are the other local favorites booked in the prelims.

Starting time of the fights is 9 o'clock.

Ray Billows Is The Man to Beat

Ridgewood, N. Y., June 16 (AP).—Ray Billows of Poughkeepsie, N. Y., runner up in the 1937 national amateur championship and a member of the U. S. Walker Cup team, was considered the man to beat as match play started today in the metropolitan amateur golf championship at the Ridgewood Country Club.

Most of the contestants were agreed that Billows had more in his favor than an exalted reputation and the fact he is the only player in the history of the championship ever to be exempted from the qualifying rounds. That honor was extended to him because he did not return until Tuesday from England with the Walker Cup squad.

Billows was seeded in the top half of the draw, the same bracket drawn by Frank Strafaci of Brooklyn, whose 142 for 36 holes equalled par and won the qualifying medal yesterday. Should they win their preliminary matches, however, they cannot meet before the semi-finals. Billows' first round opponent is Alpheus Winter, Jr., of Fairfield, Conn.

Willie Turnesa, White Plains, defending champion, is in the upper half with Tommy Tailor of Westbury, N. Y.

Murphy Pleads To Check Charge In County Court

John Murphy of New York city, indicted for grand larceny, second degree, growing out of a check matter at Malden was brought into county court this morning and changed his former plea of not guilty to one of guilty. He had previously been arraigned on March 21 when the not guilty plea was entered. Judge Traver deferred imposition of sentence until next Monday at 2 o'clock.

Fred W. Smith, formerly connected with the Kerr Chickerries in this city, indicted for grand larceny, second degree, growing out of a shortage of funds also changed a former plea of not guilty which was entered on May 26, and pleaded guilty to the charge. Judge Frederick G. Traver also deferred sentence in this case until Monday at 2 o'clock.

Assistant District Attorney N. LeVan Haver announced that bail bonds in several of the cases growing out of the gambling raids conducted last March in the city, had been supplied as directed by the court. On arraignment Tuesday several defendants charged with violation of the gambling laws appeared and entered pleas of not guilty. Those represented by Abbott Jones, Jr., of Troy were given until this morning to provide bail and were paroled in the custody of their counsel until today. These defendants provided bail in several other cases in which Joseph Forman appeared as counsel the time for putting up bail bonds did not expire until 2 o'clock this afternoon and court recessed until that time.

JUST A SMOKE AT TWILIGHT OF CONGRESS

Anticipating quiet, rest, and summer vacations after a long, busy session of congress, these two men whose gavels were to bang out the session's end took deep, indulgent breaths and settled down comfortably with a common spark to enjoy their preferred smokes. Left is the senate's head man, Vice-President Garner, and at right, Speaker of the House William B. Bankhead.

Funk Says Nazis Not Bound to Pay Debts of Austria

Bremen, Germany, June 16 (AP)—Economics Minister Walther Funk declared today that Germany was not obligated to acknowledge state debts of annexed Austria either from the viewpoint of international law or on economic or moral grounds.

He added, however, that Germany was trying to come to an agreement with Sir Frederick Leith-Ross, chief economic adviser to the British Government, "in a spirit of mutual understanding with the aim of compromise that will meet the interests of both parties."

In a speech here Funk asserted that "there is no legal obligation for the German Reich to take over these (Austrian) debts."

"England, for instance, declined after the Boer War to recognize the debts of the Boer Republic as her own," he added, "xxx nor did the United States acknowledge the loans of the Southern states as binding upon the new state."

Scoffs at Idea

Funk also scoffed at the idea that the present Austrian region of Germany must be regarded as the legal successor to the Austrian Republic.

"The change in the legal status of Austria is an historical development brought about by a Revolutionary Act," he said of the Republic's absorption into Germany last March, 13. "Austria as it existed hitherto has been wiped out as such by the will of the people."

(Payments due May 1 and June 1 on Austrian bond issues already have been defaulted. Britain, France and other guaranteeing nations and the bank for international settlements have protested to Berlin.)

The economics minister, speaking at a celebration of the Four Hundredth Anniversary of Historic Schuetting House, headquarters of Bremen's Chamber of Commerce, branded the United States as "virtually the center of disturbances" in world economics.

Extolls Germany
He extolled Germany as the opposite of America in the matter of economic stability.

Funk urged that national credits take the place of international credits in dealing of nations with each other. He went on:

"Recent international economic discussions are characterized by an identical tendency, namely, fear of a new, serious crisis in world economy."

"Two economic areas become manifest in this connection as marked antipodes: on the one hand the United States of America, which is described as virtually the center of disturbances, and on the other hand Germany, whose economy thus far has offered unbroken resistance to the new depression."

"At a time of general business recession German economy continues steadily on the upgrade. This diametrically opposite development of the extremes is proved most conclusively in the realm of steel production. German steel production is beginning to outdistance American production."

Referring to the debts of other nations to the United States he said that "no sensible person believes these debts ever will be paid."

Thrown From A Horse

Victor Berger, of Woodside, L. I., was treated at the Kingston Hospital last evening for injuries which he suffered when thrown from a horse at Kyserike. His elbow was dislocated. It is claimed he was thrown from the horse when a child ran across the road in front of the horse. The horse shied and the rider was thrown to the pavement where friends who were following in a car found him. He was taken by car to Stone Ridge and later brought to the hospital for treatment.

Coast Has Quake

San Diego, Calif., June 16 (AP)—An earthquake described as "quite sharp" by Fred Robinson, amateur seismologist, shook San Diego last night. The quake lasted 12 seconds, Robinson said. It was centered somewhere northeast of the city. No damage was reported.

AND NOT A DROP OF WATER

Firemen had exhausted all nearby water resources and there was nothing to do but watch the roaring spectacle of a motor tanker and its cargo of 600 gallons of oil go up in smoke. The vehicle burst into flames near Elkridge, Md., and the driver remained at the wheel until he had piloted the inferno off the highway, then leaped for safety.

Beyer Is Injured When Milk Truck Hits Parked Car

Edward Beyer, 24, of Wrentham street, was injured last evening about 9:30 o'clock in a crash between a milk truck and a parked car along route 9-W near the John Gambirino residence about 1,000 feet south of the intersection of the Glasco road and route 9-W. Taken to the Kingston Hospital in the Dargan ambulance he was treated for injuries about his back and held for further examination.

The accident happened about 9:30 o'clock as Beyer and Roland, Gray, 27, a brother-in-law, who also resides at 61, Wrentham street, were proceeding south in a Simmons Dairy truck on their way to Kingston. Beyer was riding on the truck which struck a parked Pontiac sedan owned by John East of Mt. Marlon, which was in front of the Gambirino property. The front end of the truck struck the left rear of the parked car. Witnesses told State Trooper Arthur Reilly who investigated the accident that the car was parked off the highway and that lights were burning on the car at the time of the crash.

After the crash the car was in a field a short distance ahead of the point where it was parked and the truck was on the opposite side of the road.

Dr. R. A. McCall of Saugerties was called and treated Beyer at the scene and had him brought to the hospital. Gray was not injured.
